- **Frequently of the Board Meeting and Academic Advisory Body**

Council/Board	Frequency of Meeting
Governing Council	Once in every six months
Academic Advisory Council	Once in every six months

- **Organizational chart and processes**

- **Nature and Extent of involvement of Faculty and students in academic affairs/ improvements**

- Experienced faculty members are retained to ensure effective teaching.
- Encourage the staff members to attend FDP, workshops and seminars to enrich their skills.
- Use of ICT tools enriches the learning experience of the students inside and outside the classroom.
- Student participation in co-curricular activities and presentation of their papers in symposiums and conferences are encouraged.
- Through several preparations, including Group Discussions and Mock Interviews, students are enabled to present themselves in campus interviews.
- Conduct special classes for slow learners for lab and theory classes. Counseling is extended for slow learners.

- **Mechanism/ Norms and Procedure for democratic/ good Governance**

- Progressive and dynamic management ensures full autonomy for conduct of all academic and other activities.
- College promotes the culture of participative management.
- The day-to-day activities are monitored by a team consisting of Principal, Vice-Principal (Academics), Dean-Academics, Dean-Research, Deputy Director and Director General.

- Heads of Departments are empowered to take decisions relating to academics and other student issues.
- To ensure efficiency and effectiveness, a number of administrative, academic, co-curricular, and general bodies have been constituted with their duties and responsibilities stipulated.
- There are Administrative Bodies-Governing Council, Planning and Monitoring Board and Functional Committees like Hostel Committee, Library Committee, Examination Cell, Disciplinary Committee, Anti-Ragging Committee, Industry Institute Interaction Cell, Entrepreneur Development Cell, Management Information Systems etc. The delegation of powers at all levels is clearly defined and strictly followed.
- Regular HODs meetings, functional committee meetings and department meetings are held to discuss and take decisions on important matters.
- Faculty are encouraged to improve their qualifications by enrolling for doctorate degree, participate in FDPs, FTTPs, SDPs, Conferences, Seminars and Workshops.
- Periodic monitoring is carried out by academic, general and ISO audits to check the implementation of all systems and procedures.
- A transparent Faculty Appraisal system is done to notify the faculty on their strong points and areas that need consolidation.

- **Student Feedback on Institutional Governance/ Faculty performance**

The effectiveness of faculty members in content delivery and assessment are evaluated by students through the online feedback system twice a semester. The parameter to which the feedback is provided is as follows:

- Organization of the subject matter in a logical sequence
- Faculty coming to the class on time and engaging regularly
- Preparation made by the faculty on the subject
- Faculty's knowledge on the latest developments in the subject area
- Faculty's ability to maintain discipline in the class
- Assistance and Counseling offered by the faculty to the needy students
- Faculty's appreciation and feedback on the students' performance
- Ability to take class audibly and clearly
- Usage of various methods and materials like OHP, Presentation to take class
- Ability to write and draw legibly
- Teacher's ability to explain the concepts well and provide adequate examples
- Ability of the faculty to give instructions to the students according to their understanding
- Fair and impartial valuation of the answer papers
- Regular conduction of assignments, tests and return the answer papers on time
- Various feedback such as course feedback, course exit feedback etc., are also collected and necessary corrective measures are incorporated for improvement.

- **Grievance Redressal mechanism for Faculty, staff and students**

- To create a platform where students can point out their problems, regarding academic and non academic matters.
- Get suggestions from the students for improvement.
- Take necessary steps for improvement in the light of grievances.

11. Admission Procedure

- **Mention the admission test being followed, name and address of the Test Agency and its URL (website)**

Consortium of Self – Financing Professional Arts and Science Colleges in Tamilnadu.
Anna Nagar, Chennai – 600 040.

- **Number of seats allotted to different Test Qualified candidate separately (AIEEE/ CET (State conducted test/ University tests/ CMAT/ GPAT)/ Association conducted test)**

Minority: 50% management

Consortium : Based on the 12th Marks

- **Calendar for admission against Management/vacant seats: Nil**
- **Last date of request for applications- Commencement of issue of Applications Forms :**
03.06.2020
- **Last date of submission of applications- Last Date of Issue of Application Forms :**
05.07.2020
- **Dates for announcing final results- Publication of Rank list : 15.07.2020**
- **Release of admission list (main list and waiting list shall be announced on the same day)**
15.07.2020
- **Date for acceptance by the candidate (time given shall in no case be less than 15 days)**
31.07.2020
- **Last date for closing of admission-31.07.2020**
- Starting of the Academic session- First August 2020
- The waiting list shall be activated only on the expiry of date of main list -Nil
- **The policy of refund of the Fee, in case of withdrawal, shall be clearly notified- As per the AICTE norms followed**

12. Criteria and Weightages for Admission

- Describe each criterion with its respective weightages i.e. Admission Test, marks in qualifying examination etc.
- Mention the minimum Level of acceptance, if any
- Mention the cut-off Levels of percentage and percentile score of the candidates in the admission test for the last three years
- Display marks scored in Test etc. and in aggregate for all candidates who were admitted

- **Soft Skill Development Facilities**

Soft Skills

Training on Personality Development, Leadership Skills, Business Communication Skills, Crisis Management, Interview skills and Aptitude training are offered to students of all branches.

Allocation of hours

- Every department is encouraged to extend its support to organize a value addition course for 20 hours each semester.
- The 20 hours of training is spread across to two hours per week and they are reflected in the time table.

Conduct of Courses

- Practical sessions are arranged along with theory classes to give hands on training on technical skills.
- More emphasis is given to practical sessions for the students to get expertise in trouble shooting the technical problems.
- Certificates are given for certified course which help students during placements
- Activity based teaching is adopted for training soft skills which enables the student to communicate confidently in real life situations

Resource persons and Infrastructure facilities

- Sessions are handled by eminent resource persons from external organizations.
- Internal teaching faculty are also encouraged to obtain certifications from certifying bodies to support the conduct of training sessions.
- Theory classes are conducted in the classrooms.
- Department specific laboratories are utilized for conducting practical sessions.
- The soft skill training department consists of a coordinator, trainers and Staff coordinators from all the departments. It conducts the following programs (two hours/ week). Trainers conduct
 - Soft skill program
 - Aptitude training
 - Debate and group discussion session
 - Mock interview
- Soft skills training are given to improve the performance of students in interviews, group discussions and thus secure excellent placement in reputed companies.
- To aim for 100% placement, the first year students are trained with Full Stack Development, Machine Learning, C, C++, JAVA SCRIPT, Python ,PSPICE, Auto CAD,

Revit Architecture, CREO, Digital Marketing ,MS- Office Automation and TALLY 9.0 & Advanced Excel.

- The second year students are given training on Full Stack Development, IOT Using IOT Devices, Solid Works, 3DSMAX, IOT with App Development, Lab View, BUSINESS ANALYTICS, TALLY EPR which gives them additional knowledge beyond the syllabus.
- AWS Certification, DCS, PLC and SCADA, MATLAB, Embedded Systems, Artificial Intelligence, AUTOMATION with IOT, SPSS Tools (Statistical Package for Social Science),Event Management ,SAS and NDT are taught for the third years and ROBOTICS , Date Science Using R, Industry 4.0, and Industry Preparedness Refresher Course L&T, for the final years during their placement training.
- Value added courses are conducted by companies like, KKM Soft, CADD Centre, LIVEWIRE, Prag Robotics, WISEN, OPTITHOUGHT, Spryntas Software Solutions, TVS Training & Services,L&T, SREE TECHNOLOGIES and SRM Axis Intellects.
- A vibrant Placement and Training department grooms students for placement by providing technical and soft skills training.
- Students in short of communication skills are additionally trained on language and soft skills.
- Activity based teaching is adopted which enables the students to interact with peers in target language and participate enthusiastically. This builds confidence in them to face real life situations.
- Also, personality development courses, soft skill training and placement and training classes are incorporated in the time table where inputs are provided on improving the attitude and aptitude which will enhance placement probability of students
- Value added courses are conducted right from the first year of study based on the curricular gaps identified through mapping of desired course outcomes and the syllabus and matching them with the industries' dynamic requirements to enhance students' employability.
- EEC has a well-established placement department that conducts value added courses, soft skills training and provides industry exposure like Infosys campus connect program, CISCO training on networks. College is accredited by Tata Consultancy Services (TCS) and Hindustan Computer Ltd (HCL).
- Personality, Communication, Soft Skill and Life Skill Development training for the students
- Add-on in the form of communication skills practice is conducted by the English department faculty to enhance soft skills of the students.

• **Teaching Learning Process**

The institution always places the students at the centre of the teaching learning process.

- ICT enabled classrooms makes the student, the centre of teaching learning process and the teacher, a facilitator for the students. There are provisions for sending notes and

lecture presentations to group mail ids of the students.

- EDUSAT programmes help the student to understand the difficult subjects.
- Students make use of the internet, lab facilities to prepare for seminars / conferences / paper presentations etc.
- Students are benefitted from Online Public Access Catalogue for online access of E Journals.
- Online course materials are hosted on the intranet server to provide access to students.
- Students are provided with internet facility for their project work and for updating their knowledge. They use technologies developed by the college for solving problems, prepare and analyze different methods for practical applications.
- The college also conducts various workshop, seminars, guest lectures, conferences for the students, in order to acquaint them with current emerging trends.
- Teaching/ Learning process is enhanced based on the feedback given by the students.

- **Internal Continuous Evaluation System and place**

- The institution insists the faculty members to prepare a question bank from previous year University papers along with answer key.
- Daily class tests are conducted in each and every subject before commencement of the internal assessment tests.
- The slow learners are identified and special coaching classes are conducted.

- Retests are conducted for students who failed to secure 60 of marks in continuous assessment tests
- After completion of internal assessment tests, the progress reports are subsequently sent to the parents.
- The students who secured less than 75% of attendance are asked to attend class after their parents meet

- **Student’s assessment of Faculty, System in place**

The effectiveness of faculty members in content delivery and assessment are evaluated by students through the online feedback system twice a semester. Based on the feedback score, individual faculty is counseled and guided by the Head of the Department. The parameter to which the feedback is provided is as follows:

- Organization of the subject matter in a logical sequence
- Faculty coming to the class on time and engaging regularly
- Preparation made by the faculty on the subject
- Faculty’s knowledge on the latest developments in the subject area
- Faculty’s ability to maintain discipline in the class
- Assistance and Counseling offered by the faculty to the needy students
- Faculty’s appreciation and feedback on the students’ performance
- Ability to take class audibly and clearly
- Usage of various methods and materials like OHP, Presentation to take class
- Ability to write and draw legibly
- Teacher’s ability to explain the concepts well and provide adequate examples
- Ability of the faculty to give instructions to the students according to their understanding
- Fair and impartial valuation of the answer papers
- Regular conduction of assignments, tests and return the answer papers on time

20. Best Practices adopted, if any,

1. Title of the Practice P.R.I.D.E.(Project Research Internship Design Entrepreneur)
2. Goal In order to facilitate active learning environment to students through participative learning, experiential learning and collaborative learning, P.R.I.D.E. group has been formed
 - To apply the engineering concepts to carryout research projects
 - To motivate the students to provide solutions for industrial and societal problems
 - To encourage the students to participate in Industrial Design Competitions
 - To persuade the students to apply for research funding from sponsoring agencies
 - To equip the students to commercialize their research outcomes as startup /product
3. The Context In current scenario, getting employable is a big challenge for engineering graduates as there is a gap between the academia and industry. Students lag in converting their theoretical knowledge into practical applications. These problems could be overcome by encouraging them to do internships, industrial projects and participate in design competitions. Ultimately, active learning environment will make the students participative, experimental, and collaborative and ensure students learning to a higher level. In order to provide active learning environment, apart from routine teaching learning process, P.R.I.D.E. group has been created among students of all discipline. The students of P.R.I.D.E. group are encouraged to apply the engineering concepts to provide solutions to industrial and societal problems by the way of
 - i) making them to participate in various design contests national / international level
 - ii) involving them to carry out research projects and
 - iii) commercializing their research outcomes as startup / project.
4. The Practice
 - Interdisciplinary student groups are formed according to their research interest.
 - Faculty mentors are allotted for each group to guide and motivate the students.
 - Skill development workshops and training programs are organized for students by inviting subject experts, practitioners, resource persons from organizations of national and international eminence where students enrich their skill in their domain. The guiding standard behind workshops is to ensure that students can link theory with practice, apply their knowledge and develop new skills.
 - Refresher courses are offered to equip the students to participate in design and

project competitions.
