Points discussed

S.No.	Points Discussed
1.	Principal welcomed the Members of IQAC, HODs and Faculty for the 9 th IQAC meeting.
2.	Dr. G.S.Anandha Mala, IQAC Coordinator made a presentation on the activities for the year 2017-18.
4.	Industrial Expert member informed that Consultancy, Research and Industry Support are important for the enhancement of placement activities and value of the Institution. The Institution should have students wing and counselling is important. The Industry member is looking for tie up with the Institutions. Develop apps must in the present scenario. Some companies are sponsoring projects. Institutions can have collaboration and tie ups with the Universities abroad.
5.	It is informed that Alumni play an important role for the development of an Institution and Placement there by Alumni association of the Institution should become stronger.
6.	Members suggested that student's practical knowledge has to be improved inline with the industry. Bench mark to be set which is very important and it should match with the culture of the student. Coaching must be given to the students so that it will create interest on the subject among the students. The students should be able to know where to use the syllabus in practical and they should feel comfortable.
7.	Industry experts suggested that more industrial exposure must be given to the students. Practical knowledge is very important for the students than the theoretical knowlege.

8.	Director General complimented the IQAC team, Industrial Experts, passed out students and present students for having participated in the discussions. Director informed that it is proposed to go autonomous status. Research, consultancy, MOUs and placement are the important factors. IOT, Big Data will be introduced from July 2008 onwards.
9.	HODs are requested to ensure that the MOUs entered into are active. A separate record should be maintained for MOUs signed and the MOUs in pipeline. MOUs will help us for increasing the placement and consultancy activities.
10.	Industry expert informed that Innovation and Incubation labs should be established. Lot of students are showing interest in doing some projects. Green building effect must be worked out.
11.	Director General informed that Academic Advisory committee meetings will be conducted every year. Their suggestions and guidelines will be taken into account for the betterment of the departments and the Institution as a whole.
12.	Principal thanked the Members, HODs and Faculty for their suggestions and feedback and informed that they shall be considered and implemented for the development of Institution.
