Frequently of the Board Meeting and Academic Advisory Body

Council/Board	Frequency of Meeting
Governing Council	Once in every six months
Academic Advisory Council	Once in every six months

Organizational chart and processes

Nature and Extent of involvement of Faculty and students in academic affairs/ improvements
Experienced faculty members are retained to ensure effective teaching.

Encourage the staff members to attend FDP, workshops and seminars to enrich their skills.

Use of ICT tools enriches the learning experience of the students inside and outside the classroom.

Student participation in co-curricular activities and presentation of their papers in symposiums and conferences are encouraged.

Through several preparations, including Group Discussions and Mock Interviews, students are enabled to present themselves in campus interviews.

Conduct special classes for slow learners for lab and theory classes. Counseling is extended for slow learners.

Mechanism/ Norms and Procedure for democratic/ good Governance

Progressive and dynamic management ensures full autonomy for conduct of all academic and other activities.

College promotes the culture of participative management.

The day-to-day activities are monitored by a team consisting of Principal, Vice-Principal (Academics), Dean-Academics, Dean-Research, Deputy Director and Director General.

Heads of Departments are empowered to take decisions relating to academics and other student issues.

To ensure efficiency and effectiveness, a number of administrative, academic, co-curricular, and general bodies have been constituted with their duties and responsibilities stipulated.

There are Administrative Bodies-Governing Council, Planning and Monitoring Board and Functional Committees like Hostel Committee, Library Committee, Examination Cell, Disciplinary Committee, Anti-Ragging Committee, Industry Institute Interaction Cell, Entrepreneur Development Cell, Management Information Systems etc. The delegation of powers at all levels is clearly defined and strictly followed.

Regular HODs meetings, functional committee meetings and department meetings are held to discuss and take decisions on important matters.

Faculty are encouraged to improve their qualifications by enrolling for doctorate degree, participate in FDPs, FTTPs, SDPs, Conferences, Seminars and Workshops.

Periodic monitoring is carried out by academic, general and ISO audits to check the implementation of all systems and procedures.

A transparent Faculty Appraisal system is done to notify the faculty on their strong points and areas that need consolidation.

Student Feedback on Institutional Governance/ Faculty performance

The effectiveness of faculty members in content delivery and assessment are evaluated by students through the online feedback system twice a semester The parameter to which the feedback is provided is as follows:

Organization of the subject matter in a logical sequence

Faculty coming to the class on time and engaging regularly

Preparation made by the faculty on the subject

Faculty's knowledge on the latest developments in the subject area

Faculty's ability to maintain discipline in the class

Assistance and Counseling offered by the faculty to the needy students

Faculty's appreciation and feedback on the students' performance

Ability to take class audibly and clearly

Usage of various methods and materials like OHP, Presentation to take class

Ability to write and draw legibly

Teacher's ability to explain the concepts well and provide adequate examples

Ability of the faculty to give instructions to the students according to their understanding

Fair and impartial valuation of the answer papers

Regular conduction of assignments, tests and return the answer papers on time

Various feedback such as course feedback, course exit feedback etc., are also collected and necessary corrective measures are incorporated for improvement.

Grievance Redressal mechanism for Faculty, staff and students
To create a platform where students can point out their problems, regarding academic and non academic matters.

Get suggestions from the students for improvement.

Take necessary steps for improvement in the light of grievances.

Admission Procedure

Mention the admission test being followed, name and address of the Test Agency and its URL (website) : Consortium of Self – Financing Professional Arts and Science Colleges in Tamilnadu. Anna Nagar, Chennai – 600 040.

Number of seats allotted to different Test Qualified candidate separately (AIEEE/ CET (State conducted test/ University tests/ CMAT/ GPAT)/ Association conducted test)

Minority: 50% management
Consortium : Based on the 12th Marks

Calendar for admission against Management/vacant seats: Nil

Last date of request for applications- Commencement of issue of Applications Forms : 03.06.2021

Last date of submission of applications- Last Date of Issue of Application Forms : 05.07.2021

Dates for announcing final results- Publication of Rank list : 15.07.2021

Release of admission list (main list and waiting list shall be announced on the same day): 15.07.2021

Date for acceptance by the candidate (time given shall in no case be less than 15 days): 31.07.2021

Last date for closing of admission-31.07.2021

Starting of the Academic session- First August 2021
The waiting list shall be activated only on the expiry of date of main list –Nil

The policy of refund of the Fee, in case of withdrawal, shall be clearly notified- As per the AICTE norms followed

Barrier Free Built Environment for disabled and elderly persons

The institution adheres to the Government policies for the differently-abled students and is committed to their welfare in the following ways.

A barrier-free environment for their mobility in the form of lifts in all the blocks.
Equal opportunities are provided without discrimination.
Teaching and non teaching staff members are sensitized to handle differently-abled students.
Ramps are provided in all buildings.
Examinations are conducted in the ground floor.
Wheel Chairs are available.

Soft Skill Development Facilities

Soft Skills

Training on Personality Development, Leadership Skills, Business Communication Skills, Crisis Management, Interview skills and Aptitude training are offered to students of all branches.

Allocation of hours

Every department is encouraged to extend its support to organize a value addition course for 20 hours each semester.

The 20 hours of training is spread across to two hours per week and they are reflected in the time table.

Conduct of Courses

Practical sessions are arranged along with theory classes to give hands on training on technical skills.

More emphasis is given to practical sessions for the students to get expertise in trouble shooting the technical problems.

Certificates are given for certified course which help students during placements

Activity based teaching is adopted for training soft skills which enables the student to communicate confidently in real life situations

Resource persons and Infrastructure facilities

Sessions are handled by eminent resource persons from external organizations.

Internal teaching faculty are also encouraged to obtain certifications from certifying bodies to support the conduct of training sessions.

Theory classes are conducted in the classrooms.

Department specific laboratories are utilized for conducting practical sessions.

The soft skill training department consists of a coordinator, trainers and Staff coordinators from all the departments. It conducts the following programs (two hours/ week). Trainers conduct

Soft skill program

Aptitude training

Debate and group discussion session

Mock interview

Soft skills training are given to improve the performance of students in interviews, group discussions and thus secure excellent placement in reputed companies.

To aim for 100% placement, the first year students are trained with Full Stack Development, Machine Learning, C, C++, JAVA SCRIPT, Python ,PSPICE, Auto CAD, Revit Architecture, CREO, Digital Marketing ,MS- Office Automation and TALLY 9.0 & Advanced Excel.

The second year students are given training on Full Stack Development, IOT Using IOT Devices, Solid Works, 3DSMAX, IOT with App Development, Lab View, BUSINESS ANALYTICS, TALLY EPR which gives them additional knowledge beyond the syllabus.

AWS Certification, DCS, PLC and SCADA, MATLAB, Embedded Systems, Artificial Intelligence, AUTOMATION with IOT, SPSS Tools (Statistical Package for Social Science),Event Management ,SAS and NDT are taught for the third years and ROBOTICS , Date Science Using R, Industry 4.0, and Industry Preparendness Refresher Course L&T, for the final years during their placement training.

Value added courses are conducted by companies like, KKM Soft, CADD Centre, LIVEWIRE, Prag Robotics, WISEN, OPTITHOUGHT, Spryntas Software Solutions, TVS Training & Services,L&T, SREE TECHNOLOGIES and SRM Axis Intellects.

A vibrant Placement and Training department grooms students for placement by providing technical and soft skills training.

Students in short of communication skills are additionally trained on language and soft skills.

Activity based teaching is adopted which enables the students to interact with peers in target language and participate enthusiastically. This builds confidence in them to face real life situations.

Also, personality development courses, soft skill training and placement and training classes are incorporated in the time table where inputs are provided on improving the attitude and aptitude which will enhance placement probability of students

Value added courses are conducted right from the first year of study based on the curricular gaps identified through mapping of desired course outcomes and the syllabus and matching them with the industries' dynamic requirements to enhance students' employability.

EEC has a well-established placement department that conducts value added courses, soft skills training and provides industry exposure like Infosys campus connect program, CISCO training on networks. College is accredited by Tata Consultancy Services (TCS) and Hindustan Computer Ltd (HCL).

Personality, Communication, Soft Skill and Life Skill Development training for the students

Add-on in the form of communication skills practice is conducted by the English department faculty to enhance soft skills of the students.

Teaching Learning Process

The institution always places the students at the centre of the teaching learning process.

ICT enabled classrooms makes the student, the centre of teaching learning process and the teacher, a facilitator for the students. There are provisions for sending notes and lecture presentations to group mail ids of the students.

EDUSAT programmes help the student to understand the difficult subjects.

Students make use of the internet, lab facilities to prepare for seminars / conferences / paper presentations etc.

Students are benefitted from Online Public Access Catalogue for online access of E Journals.

Online course materials are hosted on the intranet server to provide access to students.

Students are provided with internet facility for their project work and for updating their knowledge. They use technologies developed by the college for solving problems, prepare and analyze different methods for practical applications.

The college also conducts various workshop, seminars, guest lectures, conferences for the students, in order to acquaint them with current emerging trends.

Teaching/ Learning process is enhanced based on the feedback given by the students.

Internal Continuous Evaluation System and place

The institution insists the faculty members to prepare a question bank from previous year University papers along with answer key.

Daily class tests are conducted in each and every subject before commencement of the internal assessment tests.

The slow learners are identified and special coaching classes are conducted.

Retests are conducted for students who failed to secure 60 of marks in continuous assessment tests

After completion of internal assessment tests, the progress reports are subsequently sent to the parents.

The students who secured less than 75% of attendance are asked to attend class after their parents meet

Student's assessment of Faculty, System in place

The effectiveness of faculty members in content delivery and assessment are evaluated by students through the online feedback system twice a semester. Based on the feedback score, individual faculty is counseled and guided by the Head of the Department. The parameter to which the feedback is provided is as follows:

Organization of the subject matter in a logical sequence

Faculty coming to the class on time and engaging regularly

Preparation made by the faculty on the subject

Faculty's knowledge on the latest developments in the subject area

Faculty's ability to maintain discipline in the class

Assistance and Counseling offered by the faculty to the needy students

Faculty's appreciation and feedback on the students' performance

Ability to take class audibly and clearly

Usage of various methods and materials like OHP, Presentation to take class

Ability to write and draw legibly

Teacher's ability to explain the concepts well and provide adequate examples

Ability of the faculty to give instructions to the students according to their understanding

Fair and impartial valuation of the answer papers

Regular conduction of assignments, tests and return the answer papers on time

LoA and subsequent EoA till the current Academic Year

Accounted audited statement for the last three years

Best Practices adopted, if any,

1. Title of the Practice P.R.I.D.E.(Project Research Internship Design Entrepreneur)

2. Goal In order to facilitate active learning environment to students through participative learning, experiential learning and collaborative learning, P.R.I.D.E. group has been formed

To apply the engineering concepts to carryout research projects

To motivate the students to provide solutions for industrial and societal problems

To encourage the students to participate in Industrial Design Competitions

To persuade the students to apply for research funding from sponsoring agencies

To equip the students to commercialize their research outcomes as startup /product

3. The Context In current scenario, getting employable is a big challenge for engineering graduates as there is a gap between the academia and industry. Students lag in converting their theoretical knowledge into practical applications. These problems could be overcome by encouraging them to do internships, industrial projects and participate in design competitions. Ultimately, active learning environment will make the students participative, experimental, and collaborative and ensure students learning to a higher level. In order to provide active learning environment, apart from routine teaching learning process, P.R.I.D.E. group has been created among students of all discipline. The students of P.R.I.D.E. group are encouraged to apply the engineering concepts to provide solutions to industrial and societal problems by the way of

i) making them to participate in various design contests national / international level

ii) involving them to carry out research projects and

iii) commercializing their research outcomes as startup / project.

4. The Practice

Interdisciplinary student groups are formed according to their research interest.

Faculty mentors are allotted for each group to guide and motivate the students.

Skill development workshops and training programs are organized for students by inviting subject experts, practitioners, resource persons from organizations of national and international eminence where students enrich their skill in their domain. The guiding standard behind workshops is to ensure that students can link theory with practice, apply their knowledge and develop new skills.

Refresher courses are offered to equip the students to participate in design and project competitions.

The institution collaborated with industries for student internships and industry projects.

National and international events /contests were disseminated among the students and interested / skilled students are identified through mentors.

Mentors take the responsibility of finding ways to educate, stimulate, and make them to effectively participate in the contests.

The iinteractive and participatory activities, create a feeling of responsibility in students and makes learning a process of construction of knowledge

P.R.I.D.E. activities make learning more individualized, creative and dynamic.

Best Practices in Academics : Conducting Bridge Courses at the beginning of the semester, Remedial classes for slow learners and additional support for toppers.

Academic Advisory Committee for all departments with members from IIT, Anna University and allied industry to provide inputs on latest advancements in the field, better content delivery methods and current industry requirements.

Research Advisory Board comprising stalwarts in Engineering and Technology provide suggestions to improve research activities and also whet the project proposals before being sent to the funding agencies.

Youth Under Green Awareness club (YUGA) along with experts conduct Green audit of campus and energy audit.

Solar energy used through Solar Water Heaters in hostels.
