DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

MESSAGE FROM THE HOD'S DESK

Hearty welcome and best wishes to all the individuals who receive this newsletter. It gives me great pleasure to present the third issue of **"SPARKZ"** for the academic year **2022-23**.I cheer the students to work hard and put in their best efforts towards their technical endeavors so that it may yield prolific results. I would like to thank all my colleagues for theirdiligent efforts to help the department progress at a very steadyrate of knots. We as a team strive hard to take the department to the height of success, glory and to achieve our vision

VISION OF THE DEPARTMENT

- Produce graduates with a foundation in Electrical and Electronics Engineering whocan cater to the dynamic needs of the industry and provide a diverse and stimulatingenvironment for quality research.

MISSION OF THE DEPARTMENT

- To align the teaching-learning process and to provide a basic foundation for the students to adapt to the changing industrial needs.
- To enrich with the latest developments through seminars, guest lectures, workshop and paper presentations.
- To awake young minds to acquire knowledge continuously and learn to apply it.
- To attain multidisciplinary problem-solving skills, social awareness and confidence required to excel in their chosen field
- To develop professional competency and technical expertise individually and through team effort thereby exhibit leadership in the industry
- To create a research-oriented mindset and focus on fulfilling the growing demands of society through mentoring and motivation

PROGRAM EDUCATIONAL OBJECTIVES (PEO'S)

- Graduates will have fundamental and broad knowledge in Electrical Sciences relating to industrial applications and research to design, analyze and synthesize information from various sources and think differently to provide solutions to their discipline
- Graduates will become entrepreneurs, employees of reputed organizations, pursue higher studies and research for developing advanced skills in Electrical and Electronics Engineering
- Graduates will exhibit technical and intellectual competence and will be amenable for life-long learning
- Graduates will demonstrate technical knowledge and ethical values for professional development to meet the societal needs
- Graduates will be able to work in a multi-disciplinary environment by providing solutions to real-time problems
