15. Multidisciplinary / interdisciplinary

The institution has a plan of setting high standards of comprehensive education by developing the intellectual strength of students and guiding them towards technical advancement and Nurture the development of mind, skill, attitude and core competence of students. In this direction, the institution offers flexible choice based credit system which facilitates the students through interdisciplinary core courses, open elective courses and collaborative project based learning, environmental education, and value-based towards the attainment of a holistic and multidisciplinary education.

In order to synergize the efforts of various departments, inspire creativity and foster excellence and innovation in teaching and learning so as to realise our vision as a Premier Engineering Institution, the best practice adopted by the institution is P.R.I.D.E. activity among students. This encourages Project - Research - Internship - Design - Entrepreneurship culture among students. Through P.R.I.D.E. activity many students participate in national level hackathons / design competitions which promote interdisciplinary skills and research culture among students. This produces graduates of International distinction, committed to integrity, professionalism and lifelong learning by widening their knowledge horizons in range and depth

16. Academic bank of credits (ABC):

The institution has become autonomous in the year 2019. So the institution has designed choice based flexible regulations for the benefit of student community. The new regulation R2019 supports Internationalization to enable

1. Students to have international perspective of a discipline or field
2. students develop an international professional network and

3. encourages multicultural understanding and acceptance among students. Through this facility, the students can study in international universities and the credits earned are transferrable.

The institution has registered under the ABC to permit its learners to avail the benefit of multiple entries and exit during the chosen programme. NAD ID is created in ABC login portal. NAD ID: NAD 025402

17.Skill development:

The institution organizes Student Induction Programme to promote Universal Human Values among students. Yoga is emphasized as a mandatory course to enrich Human excellence. The students are given provision to undertake various other skilling course like NSS /NCC / YRC for their overall improvement of values of students. The students who wish to undertake Indian constitution course are also encouraged. This promotes a blended mode of education to students.

A Skill development centre, "Engineering Innovation Skill Centre" is established and it enables service training for students.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The institution offers Indian constitution course and students are given provision to undergo the course "Indian constitution".

Bridge courses and remedial courses are conducted in bilingual mode (English and vernacular).

Tamil Mandram, Pongal festival celebration, Diwali celebration, Ayudha Pooja and Saraswathi Pooja celebration, Tamil New Year celebration, Telugu New Year celebration, Parambarya dress day - are all the best practices followed in the institution to preserve and promote Indian culture and traditions.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

- The institution is adopting Outcome Based Education (OBE) - the emphasis is on clearly articulated ideas of what the students are expected to know and be able to do, that is, what skills and knowledge they need to have, when they graduate.
- The programme outcomes (PO) and course outcomes are clearly defined and the correlation between the CO and PO are established.
- Through assessments and feedbacks, the course outcomes attained are measured and necessary corrective measures are taken to improve the attainment of Cos and POs.

- Use of various Instructional methods and Pedagogical initiatives like Real life examples, Collaborative learning, ICT Supportive Learning are practised to improve the Outcome Based Education.
- The institution offers various activities like Group Presentation, Industry Supported Courses, Online Courses, Mandatory Courses, Project based Learning, Mini Project, Employability Enhancement Courses, Internship, Self-Learning in the curriculum to improve Outcome based Education.
- The institution takes measures to bridge and supplement the curricular gap with Content Beyond Syllabus (CBS) to achieve higher level of corresponding POs & PSOs, and to cope up with recent trends.

20.Distance education/online education:

Use of various Instructional methods and Pedagogical initiatives like Real life examples, Collaborative learning, ICT Supportive Learning are practised to improve the Outcome Based Education. Various pedagogical initiatives are taken during the Teaching - Learning process, as it improves the overall quality of teaching by making the student more receptive during lessons. As a result, this enhances the student's level of participation and contribution during the learning process. The following are the various pedagogical initiatives made to improve the quality of teaching learning process.

- Real life examples
 - Hands-on projects
 - Experimental learning
 - In-plant training
 - Industrial visits
 - Collaborative learning
 - Student presentations:
 - Mini project
 - Brainstorm sessions
 - Flash Cards
 - Role play
 - Debate
 - Quiz
 - Online forum
 - ICT Supportive Learning
 - Simulation
 - Animation

- Youtube demos
- Online tests
- e-learning resources
 - NPTEL
 - Anna EDUSAT
 - EKLAVYA
 - UGC GyanDharsan
- Students are also encouraged to undergo online courses (NPTEL). The institution encourages and facilitates to undergo online courses beyond professional elective course.

CURRICULAR ASPECTS	

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The academic autonomy of the Institution provides the opportunity to frequently revise the curriculum and the curriculum is framed by addressing the recent technologies, the opportunities existing in regional and global level with all necessary fundamentals, by considering the feedback from stake holders, Alumni, Academic and Industry experts. The curriculum of all programmes are developed in accordance with Programme Educational Objectives (PEO) and Programme Outcomes (PO) based on the 12 graduate attributes defined by NBA to ensure that the students have the required domain knowledge, skills and attitude. Curriculum is framed by identifying the types of courses, the number of electives, curricular structure, with complete details of the course title and course contents as per the regulations. The curriculum and course content framed are recommended by BOS and approved by Academic council. The laboratory , project component included in the curriculum enable the students to involve developmental activities such as Transport, Agriculture, Smart cities etc both in private and public sectors in the nation. The courses such as Artificial intelligence, Data analytics, Machine learning, Embedded, IOT have been introduced to fulfil the global demands. Aligned with Digital India mission, languages such as Python, C,C++,PERL are made compulsory for the students.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Various activities are organized throughout the year to integrate cross cutting issues relevant to professional ethics, gender, environment and sustainability and human values and leads to a strong value based holistic development of students. Human Values and Professional Ethics In the curriculum R2019, Induction Training (191GEM101L) and professional ethics in Engineering (GE8076) are introduced mandatory for all UG courses to know the moral and social issues and apply ethical principles at various professional levels. Gender Sensitivity The institute organizes camps, Community outreach programmes, seminars, conferences, guest lectures and literary activities that help in gender sensitization. Environment and Sustainability a core course on "Environmental Science" is included in all UG programmes. Environment awareness camps, seminars, guest lectures, industry visits and field excursions are organized. Environment day, earth day, water day, etc. are annually celebrated "Campus Life". Youth under Green Awareness Club (YUGA) and Energy club along with experts conduct green audit of campus and energy audits. Green energy is promoted in the campus through solar water heater, bio gas plant, rain water harvesting system and sewage treatment plants are functional more trees are planted to control air pollution.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

It would be inappropriate to divide a class into groups based on students' level of comprehension. Classroom observation, interaction, continuous and periodic assessment are used as a measuring system to assess learning levels of the students. This helps to identify the slow learners and advanced learners. Special

coaching sessions or tutorial sessions are arranged to bridge the gap between them. Tutoring by peers, senior students, and mentors is offered to slow learners. Corrected assignments and answer scripts are shared with each student and discussed to enable students recognize their problematic areas and improve. Faculty makes it a point to be patient and accessible to students personally, over phone, mail, and social apps.

Advanced learners are encouraged to attend and present their research ideas and work in Journal Club meeting conducted every week. Civil Services Examination coaching is provided to cater to the growth of advanced learners. Training and Placement Cell invites Companies and Industries to hold their placement drive at the institution and students are encouraged to actively participate in the interviews. This Cell also provides training in interview skills and communication skills. Proficiency in English classes, Personality Development programs are organized to enhance employability of the students.

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

- **Participative Learning:** Regular lectures are made interactive and interesting through real-time analogies, Technical Quiz, Group Discussions, Debate, Role Play and question-answer sessions. •

- **Collaborative Learning:** The students are motivated to do projects on niche areas where they acquire knowledge and experience through team dynamics.
- **Experiential Learning: P.R.I.D.E - Project Research Innovation Design Entrepreneurship:** A group formed to exchange ideas on concepts to promote students to participate in national level technical competitions, do innovative design projects and to promote entrepreneurship, thereby improving the overall Caliber of students.
- **Problem Solving Methodologies:** Students are participating in various hackathons to solve real time problems through PRIDE group and won many prizes in national level
- **Independent Learning:** Seminars on niche topics are assigned to students to improve their independent learning. Students are encouraged to do the certification courses like NPTEL, Coursera etc.

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Academic Calendar

Academic calendar and semester plan are prepared well in advance for all activities of the academic year which includes

- Class committee meetings.

- Professional society activities
- Internal assessments schedule
- Industrial visits
- Industrial training
- Syllabus coverage schedule.
- Guest lectures
- Project review schedule
- Academic audit

Teaching Plan

The Lesson plans are prepared by the subject teachers at the beginning of the semester with the following contents:

- Course Objectives
- Contents of syllabus and time required for completion
- Teaching methodologies adopted
- Content beyond syllabus
- List of text books and reference books
- Course Outcomes, Program Outcomes and Program Specific Outcomes
- Mapping of COs with Pos
- Assignment topics
- The lesson plans are distributed to students and uploaded in college website after getting approval from Head of the Department.

Teaching and Learning

The course files are maintained by subject teachers. The contents of course files are:

- Vision and Mission of the department
- Programme Educational Objectives
- Syllabus
- Lesson Plan with Program Outcome and Program Specific Outcome mappings.
- Question bank
- University Question papers.
- Assignment and Tutorial Sheets
- Lecture Notes
- Content Beyond Syllabus
- Internal Assessment Question Papers with answer keys and sample answer sheets.
- Log Book
- Laboratory Course file contains Laboratory workbook, Logbook,

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

The IT integration s has modernized the entire examination process and has speeded up the functioning mechanism, while making the whole process more transparent. At the same time we have configured Self Service portal for all stakeholders (students and colleges principal, Departmental Heads) for smooth holding of ICT enabled examination process like Course Registration form filling up, approval process, Hall ticket generation, Internal marks Capture, result publication and grade card Generation. HERAIZEN helps to maintain uniformity and accuracy while conducting the evaluation of answer booklets.

Controller of Examination (COE) to ensure selection of examiners on random basis to maintain secrecy and transparency. ERP (Enterprise Resource Planning) is used to generate results within proper time.

This significantly minimizes human errors and facilitates accurate calculations of SGPA, CGPA and grades of students appear in semester examination.

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Attainment of CO = 80 % of Direct attainment of Course + 20 % of Indirect attainment of Course Outcomes.

Direct attainment- (80% of End semester assessment + 20 % of internal assessment)

- Two Continuous Assessment Tests (CAT) is conducted for 50 marks for the duration of 1.30 Hrs.
- Unit tests are conducted for 25 marks for the duration of 45 minutes.
- Assignments are given to students for 10 marks, conducted as per course handling faculty member's instructions
- Group Presentation is scheduled and conducted as two phases for 10 marks. The students prepare and present in front of expert faculty members
- Mini projects also given to the students as prescribed in the Curriculum and syllabi in Regulation 2019.
- The Controller of Examinations plans the End Semester Examination for 100 marks for the duration of 3 hours.
- 20% of the Indirect attainment of COs is obtained from the feedback forms collected at the end of the semester.

Attainment of PO = 80 % of Direct attainment of POs through all Courses in the curriculum + 20 % of Indirect attainment of POs

- 80 % of Direct attainment of POs achieved through all Courses in the curriculum.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalising quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality.

Easwari Engineering College attempts to chisel out the total quality person through a persistent focus on imparting quality education by innovative and flexible education policy.

The IQAC carries out activities that encompass all aspects of the Institute's functioning.

It has been performing the following tasks on a regular basis:

? Improvement in quality of teaching and research by regular inputs

to all concerned based on feedback from students.

? Providing inputs for Academic and Administrative Audit and analysis of results for improvement in areas found weak.

The IQAC has immensely contributed in the implementation of quality assurance strategies and processes at all levels.

The Institute IQAC prepares, evaluates and recommends the following for approval by the relevant Institute and Govt. statutory authorities:

? Annual Quality Assurance Report.

? Self-Study Reports of various accreditation bodies.

? Performance Based Appraisal System for Career Advancement Scheme.

? New Programmes as per National Missions and Govt. Policies.

Automation of admission, financial and examination processes, upgradation of Wifi and LAN contributed to an enhanced quality of teaching-learning experience.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms. The IQAC continuously reviews and takes steps to improve the quality of the teaching-learning process. The Academic Calendar is prepared in advance, displayed and circulated in the Institute and strictly followed. All newly admitted students have to compulsorily attend the Orientation Programme, in which they are made aware of the Universal Human Values, discipline and culture of the Institute. All students are also given a guided tour of the campus and the various facilities. Students are apprised of the Time-Table, Programme structure, syllabi of the courses before the semester commences. Important

announcements are made through circulars, and attendance and conduct of classes are monitored by the HODs and senior faculty members. The HoIs, HODs and the Discipline Committee members make random visits to ensure smooth functioning of classes. Class Committees are regularly conducted with students to take feedback and appropriate steps are taken to enhance the teaching-learning process. Feedback from students is also taken individually by teachers for their respective courses, through ERP. Feedback is properly analyzed actions are taken.

7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the

prescribed format of NAAC

Practice 1 i-F.I.R.E. (Faculty in Research and Engineering)

OBJECTIVE :

Faculty research group created with the faculty members of various department to create interest, assist and collaborate in the interdepartmental research activities to help to create awareness in review, publications of quality research articles by and thereby improve citations

PROCESS:

A group is formed with all the staff members for interdepartmental research. Latest technologies and the faculty research specialization are posted in that group. Weekly Journal club information is posted in the I-Fire Research Metrics of the institution is disseminated to the staff members Information about Proposal call for by the Funding agencies is posted in the group

OUTCOME:

More inter-departmental research projects and funded project proposals are prepared by the faculty members Improved knowledge in the Review , Publications and Citations

Practice 2 W.I.S.E 4.0 (Weekly Industry Specific Expert talk)

Resource Persons: Industry Expert Renowned Alumnus Target Audience Students from automobile and other Interested Students Faculty from Inside and outside college

Expected Outcomes

Students, Faculty and Participants are able to get to interact with Industry Expert. The learners are getting current Industry insights. Students have the opportunity to learn something new in Emerging area
